

CALL FOR CLINICAL CASES

5th MIS GLOBAL CONFERENCE

May 14-17, 2020 | Marrakech, Morocco

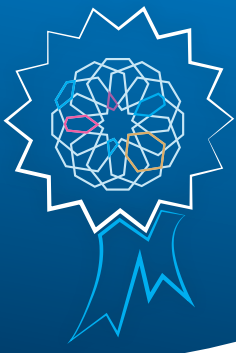

Clinical Application of Novel Concepts, Materials and Technologies in Current Patient Care

In the spirit of discovery, scientific research and continuing innovation, the 5th MIS Global Conference is sure to uphold the high standards of all those that came before, and deliver an unforgettable and eye-opening program. As part of the event, we are pleased to continue the MIS tradition of holding a clinical case competition, which will be presented during the event. Clinicians are invited to submit their clinical cases, clinical procedures or clinical studies.

Eligibility

To submit an abstract, the following criteria must be met:

1. Preference will be given to cases using MIS products.
2. The abstract should detail the patient's gender, age, relevant medical and dental history and treatment goal.
3. The written text should include no more than 5 sentences describing the treatment/ technical innovation in addition to the legends of the figures. Each figure should have a short description explaining the picture. Maximum of 30 figures.
4. The case should include pre & post-operative photographic and radiographic information, and all the relevant clinical steps (intra & extra-oral). If the treatment is in the esthetic zone, extraoral lower-face pictures and smile analysis should be included.
